LETTER OF ENDORSEMENT

This letter serves to confirm that I have used Salt to Go to wash my power boat engine for the past 6 years.

As can be seen by the pictures of my disassembled engine, Salt to Go has kept my engine free from the corrosive effects of saltwater.

I can therefore recommend Salt to Go for the use as an engine flush as well as for washing fish and tackle.

I advise all my clients to use Salt to Go as recommended.

Your sincerely

Mark
